NSF Grants: Water in the Four Corners (We Are Water)

<https://wearewater.colorado.edu>

We Are Water

Sharing stories and inspiring conversations about what water means to communities across the Four Corners Region of the Southwestern U.S.

With support from rural communities and their libraries We are Water creates a place to meet and share stories about water, and explore and learn about water together.

Come with us to explore local and online events, join the online community, and see the upcoming traveling exhibit!

CoCoRaHS Education

Virtual Water Festival

Today's Lesson

- Introduction
- The Atmosphere
- The Water Cycle
- Weather vs. Climate
- How to Measure Precipitation

A photograph of a rain gauge in a field. The rain gauge is a clear plastic cylinder mounted on a wooden post. It has a scale on the side with numbers from 0 to 100. The background shows a field of tall grass and a rainbow in the sky. The text "Today's Lesson" is at the top, and a list of topics is on the left. The photo credit "Photo: Henry Reges" is at the bottom right.
